

Contract for Supply of Digital Services

Parties:

This Contract is made between **AlphaTech Ltd.** (hereinafter "Supplier") and **Beta Solutions Inc.** (hereinafter "Client") on this 21st day of October, 2025.

Article 1 – Purpose

The Supplier agrees to provide digital services, including software development, maintenance, and support, as described in Annex A. The Client may request additional services, subject to separate agreements.

Article 2 – Duration

This Contract shall commence on **November 1, 2025**, and shall remain in effect for **12 months**, ending **October 31, 2026**, unless terminated earlier under Article 9.

Article 3 – Fees and Payment

The Client shall pay the Supplier \$25,000 per month for the agreed services. Invoices are payable within 30 days. Late payments may incur a 2% monthly interest.

Article 4 – Confidentiality

Both parties agree not to disclose any confidential information to third parties. Confidential information includes technical data, business strategies, and customer lists.

Article 5 – Intellectual Property

All intellectual property created during the performance of this Contract shall belong to the Client. Supplier retains the right to use pre-existing tools and libraries.

Article 6 – Reporting

Supplier shall submit monthly progress reports. Reports may include metrics, screenshots, or other evidence of service delivery.

Article 7 – Holidays and Office Supplies

Supplier shall observe national holidays. Office supplies shall be provided by the Client where necessary.

Article 8 – Termination

Either party may terminate the Contract with 30 days' written notice. Termination for cause includes material breach or insolvency.

Article 9 – Liability and Insurance

Supplier shall maintain professional liability insurance. Neither party shall be liable for indirect or consequential damages.

Article 10 – Miscellaneous

This Contract represents the entire agreement. Amendments must be in writing. Notices shall be sent by email or courier.
